نشر: منذ 5 سنوات

معلومة اضافية

انتقال: كتيب ناقل الحركة: 4WD وقود: بنزين عدد الأميال: 50000 كم

معلومة اضافية:

In April of this year, car had it's engine replaced by BMW under warranty due to the common valvetronic component failure. During the same service car had brakes and rotors on all 4 corners replaced. I have the service record showing both. The repairs are covered by BMW under an additional 2 year warranty, irrepspective of the standard manufacturer's warranty. Car comes wth 2 keys, and it turn key ready to go. Car has a note on it and mus be paid off before title can be transferred to new owner. Car's located in Midtown West, Easy to view off West Side Highway. Cra is only used fr easy highway travel and has not seen a Northeast Winter.
