Additionele informatie:

ACURY MY 116 m or GMY 116 Gentleman's Mega Yacht

The inspiration behind this design was clearly the classic 'Gentleman's Yacht' of the 1930's. The aim was to capture some simple, yet graceful curves and add a touch of contemporary design as well. The omission of the anchor from the bow (in favour of a concealed system) was a deliberate effort to achieve a clean look.

It was also important to create large windows for the social areas of the yacht which was done by splitting the

superstructure into two distinct sections. The forward section retained a more traditional look (painted superstructure) while the aft sections incorporated the large modern windows, but set into a classic looking highgloss

mahogany cladding. It was also crucial to keep the bulwarks in these areas as low as possible in order to provide stunning views.

Accommodation is provided for 18 guests within an estimated volume of 4100 Gross Tonnes.

6 Guest suites

#### Locatie

Land: United Arab Emirates
