### İlan Detayları

#### Açıklama:

The elite club residence Loft River is located at the confluence of two rivers in the most ecologically favorable area of Moscow, on the border of the natural-historical park Moskvoretsky. In the complex there are 2 residential buildings (5 floors, + terraces on the operated roof), a total of 107 apartments (2/3 have already been sold), a fenced guarded territory with its own parking. The premises have been renovated in the loft style - red brick walls are part of the overall style of the object, in fact, it is a blank canvas for you or your designer. All the necessary communications have been carried out - electricity, water, sewerage, heating, ventilation, internet. Residents have free access to an equipped gazebo with a grill and barbecue, to the pier with jet skis and yachts, to the beach with sun loungers and cafes, to tennis courts, football fields. Becoming a resident of Loft River, you get not just "square meters", but a special way of life, here you do not live in a huge residential complex - "anthill", but get a suburban format within the city. Loft River - Quiet Harbor.
